Eighth International Conference on Molecular Electronics and Bioelectronics (M&BE8)

June 22 - 24, 2015

Tower Hall Funabori, Tokyo, Japan

Plenary Speakers

Prof. Luisa Torsi (Università degli Studi di Bari, Italy) Prof. Antoine Kahn (Princeton Univ., USA) Prof. Hao Yan (Arizona State Univ., USA)

Topics

- □ Organic Devices and Molecular Electronics
- □ Fabrication Technique and Characterization
- Liquid Crystals, Polymers and Other Soft Materials
- Self-Assembly and Supramolecular System for Bioinspiring Application
- □ Biomolecular Electronics and Bioanalysis
- Energy Harvesting (Solar Cell, Thermoelectrics, Piezoelectrics, etc.)

Invited Speakers

Prof. Dae-Hyeong Kim (Seoul National Univ., Korea) Prof. Jun Takeya (Univ. of Tokyo, Japan) Dr. Dean Delongchamp (NIST, USA) Prof. Jacques-E. Moser (EPFL, Switzerland) Dr. Masami Nakamoto (OMTRI, Japan) Prof. Keiji Tanaka (Kyushu Univ., Japan) Prof. Tomokazu Iyoda (Tokyo Tech., Japan) Prof. Qian Wang (Univ. of South Carolina, USA) Prof. Peter Wu (National Chao Tung Univ., Taiwan) Dr. Takao Ishida (AIST, Japan) Dr. Hyangmi Jung (Toshiba, Japan)

Registration fee

Туре	Early Bird (before/on April 30)	Regular (from May 1)	Banquet
General Participant	45,000 yen	50,000 yen	5,000 yen
Student	15,000 yen	20,000 yen	

Abstract Submission & Registration Please visit www.mbe.jp

Abstract submission DEADLINE: March 20, 2015 March 31, 2015 WEB: www.mbe.jp

Contact: mbe8@mbe.jp

Organized by Division of Molecular Electronics & Bioelectronics, JSAP The Japan Society of Applied Physics (JSAP) Sponsored by Division of Molecular Electronics & Bioelectronics, JSAP The Japan Society of Applied Physics (JSAP)
